## NOTE FROM THE DIRECTOR:

Happy New Year! It is so exciting to begin a new year. Understanding that today is a new day encourages us as we begin this year's journey. As educators, we are excited to help the children in our care move forward. By focusing on fundamental values that include appreciating each child for who they are, recognizing opportunities that will bring attention to each child's strengths, respecting the worth and uniqueness of each child, responding to each child's need for quality attention and time, and most importantly, assuring each child that they are a gift from God and that we care for them is our desire. From birth, relationships with adults are critical to the healthy social and emotional development of all children. These relationships help build strong character and self esteem. We have many activities planned for you and your children this coming year. We are committed to building strong, lasting relationships with all of our RKZ children and families. Radiant Kidz Zone is the place where Faith, Fun and Learning go hand in hand. We are grateful that you entrust your child to our care each day.

Many Blessings, Linda Owens

## Don't forget to...
